ADDITIONAL SCHOOL POLICY AND PROCEDURES

Upon enrollment, students are required to submit their email address and a password and this information along with student's last name will be the student's unique log-in identifiers at the secured site log in screen. Students are required to spend a minimum of 45 hours reading and studying the course material for this course.

One hundred fifty minutes after the test has been served, the student's outline session is "timed out" i.e., the test will be terminated and no more answers may be submitted if the student is still active in the exam at that time.

If the student does not pass the final exam then a second exam will be made available online. The re-examination final exam will not have duplicate questions from the original final exam.

Once students complete and pass the test, they will be enabled to print a certificate of completion. Student records will be maintained for five years at Career WebSchool to allow for mailing of a duplicate certificate upon student request.
